Bush scenery. Mostly uphill from Herberton, with winding descent into Watsonville. Excellent for practicing climbing skills or if wet elsewhere.

Suggested stops: Start this ride in Herberton to ensure refreshments at beginning and end.

Side trip: Continue past the windmill in Watsonville to the end of the bitumen to extend the ride and take in a few more hills.

Hot tip: Must be self-contained – no water, food stops or phone reception en route. Take care descending range as road surface can be rough.
