

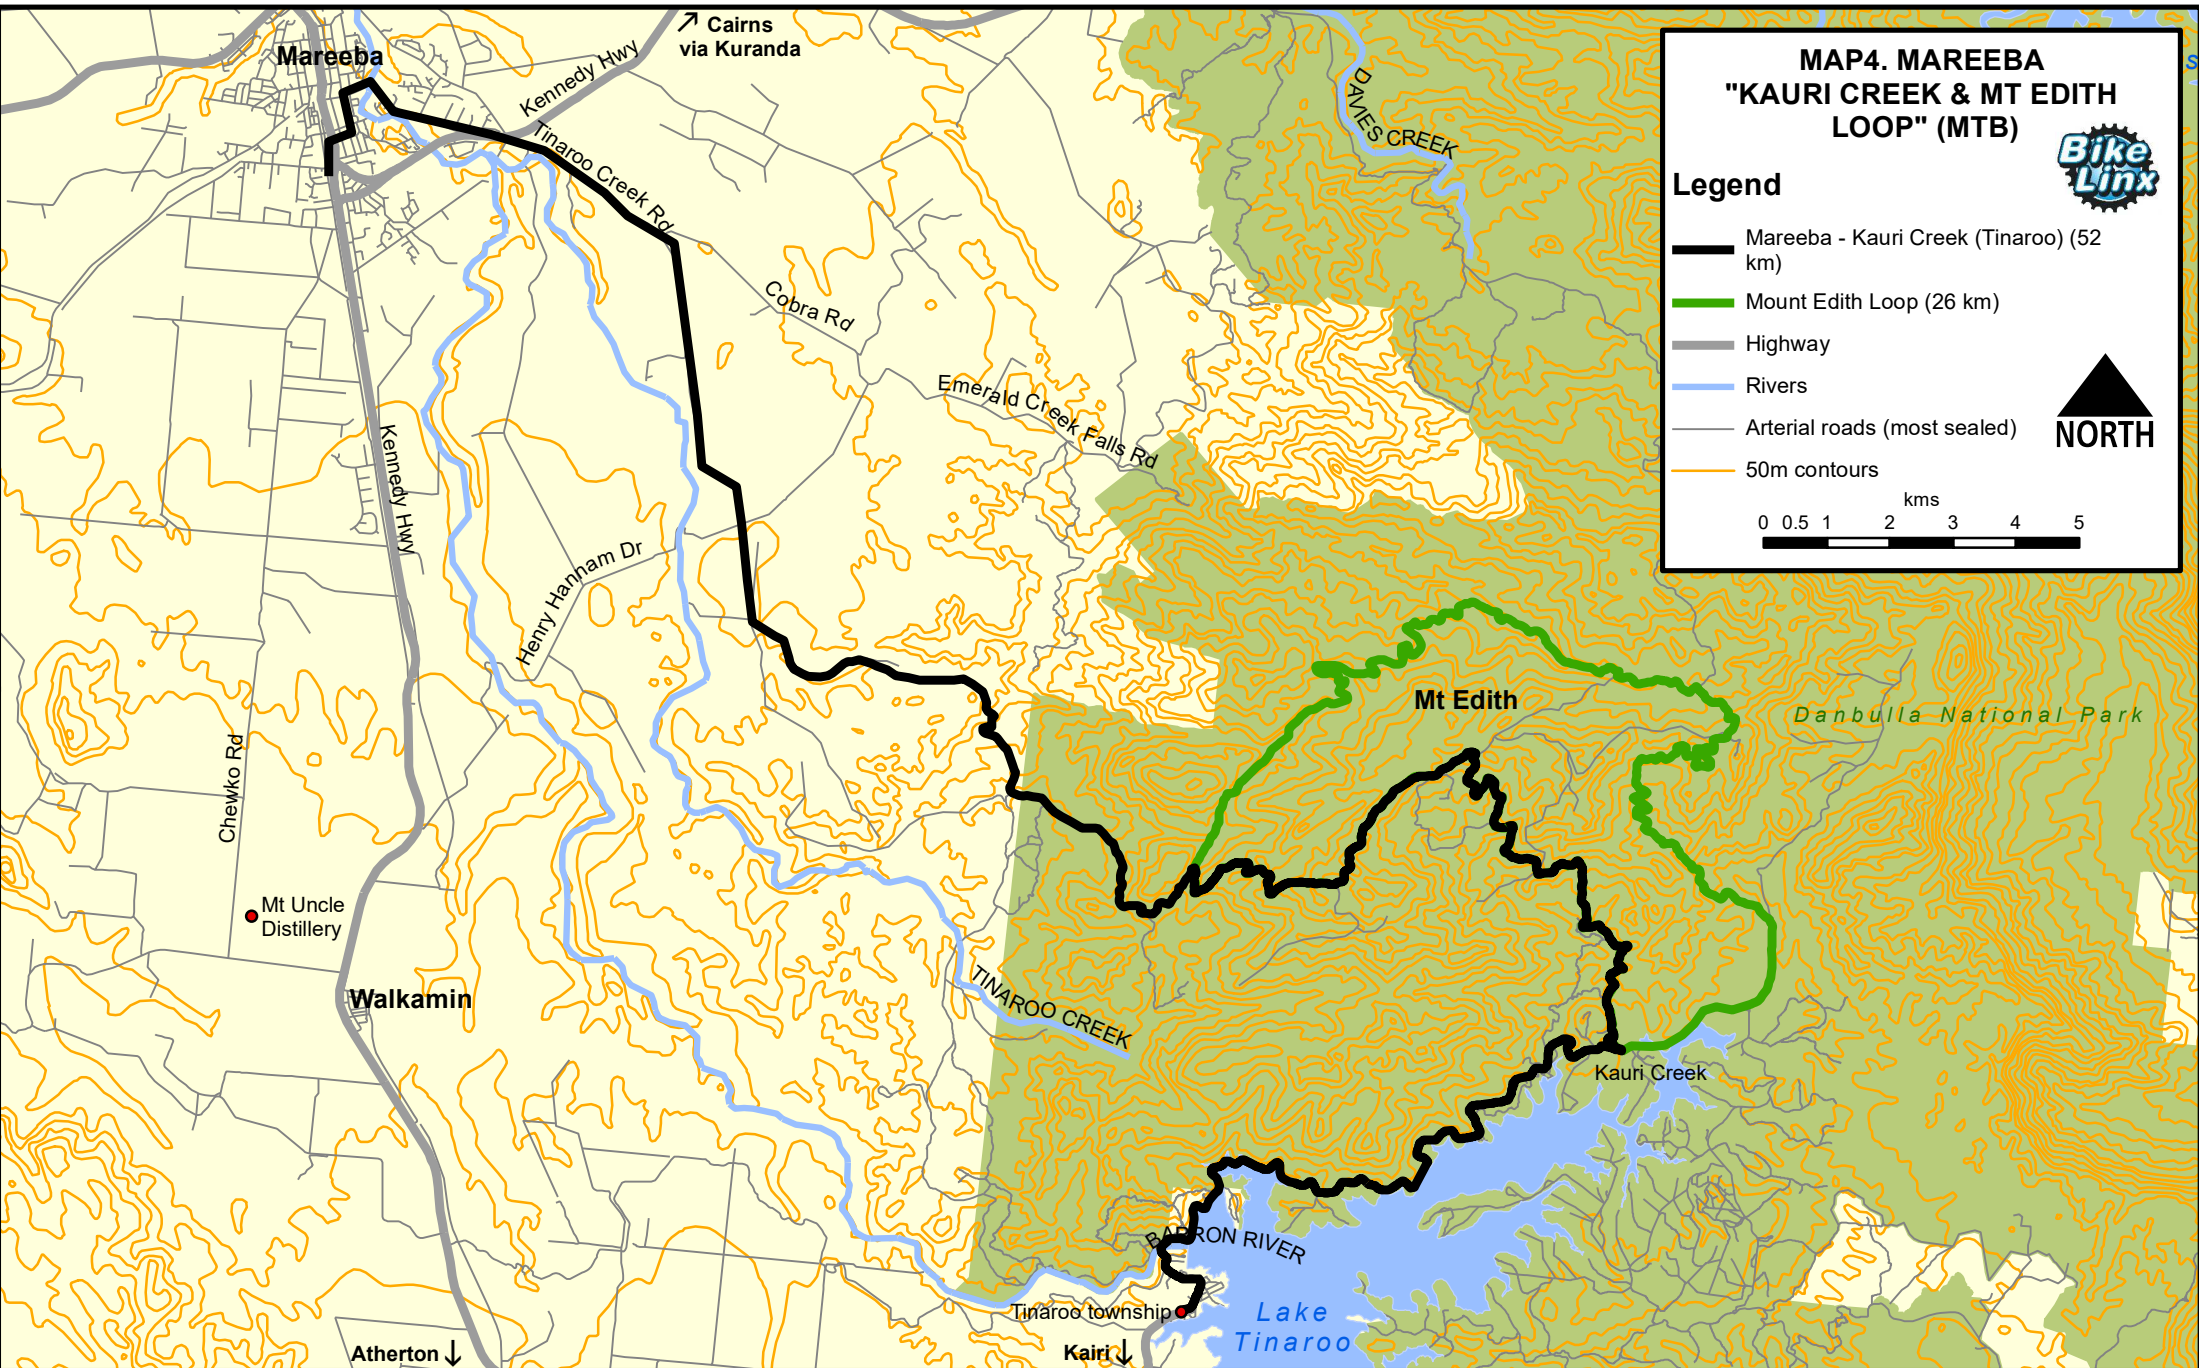

MAP4. MAREEBA "KAURI CREEK & MT EDITH LOOP" (MTB)

Legend

-  Mareeba - Kauri Creek (Tinaroo) (52 km)
-  Mount Edith Loop (26 km)
-  Highway
-  Rivers
-  Arterial roads (most sealed)
-  50m contours

A challenging, long hilly ride on dirt roads. This endurance ride takes you from Mareeba to Kauri Creek on Tinaroo Dam.

Suggested stops: Coffee shops or pubs in Mareeba post ride.

Hot tip: This is a semi-remote, out and back ride with restricted mobile phone coverage. It traverses farmlands close to Mareeba, but soon enters forested country, climbing (and climbing) through eucalypt woodland, before descending through rainforest to get to Tinaroo Dam. Take care on blind corners on the descent. Riders must be fully self-sufficient with food, water, first aid and tools. This is a truly spectacular ride for those who want a challenge and a good workout.
